Volunteer Follow-Up Letter

_____ (Date)

Dear Volunteer:

We want to thank you wholeheartedly for donating your valuable time to attend training and serve as a volunteer for the students' visit to *JA BizTown*. Volunteers play a crucial role in this program. Without your help, our visit would not have been possible or nearly as successful!

As you witnessed firsthand, the classroom lessons concerning community and economy, workplace readiness, financial literacy, and business management were put into action during our visit. We believe the experience will positively influence these students for years to come. Your participation has been an integral part of the learning process, and again, we thank you for joining us.

Sincerely,

(Teacher's Signature)
