

Name: _____

Take a moment to reflect on which careers stood out to you most after completing the JA JobSpark Virtual lessons and simulation. List the top three careers that you are interested in pursuing in the future. For each of these careers, identify the skills needed, the education or training to get started, and the next steps you can take to build your career.

Feel free to use the [JA Here to Career®](#) platform or any notes you have taken about the careers to assist in completing this activity.

Fill out the chart below and submit your answers as requested by your teacher.

Career	Skills Needed	Education or Training Needed	Next Steps
--------	---------------	------------------------------	------------
